INCLUDED

- Fitting and adjustment of five closers on the fire doors, and fitting of two locks on the bathroom doors.
- Fixings and consumables.
- Protection of adjacent finishes and a tidy at the end of each day.
- Fully insured.

EXCLUDED

- Supply of the closers and locks.
- Concealed or jamb-mounted closers, which need recesses cutting. Quoted separately if wanted.
- Painting, decoration and making good of old fixing holes.
- Any doors not listed above.

ADDITIONAL NOTES

- Closers for the fire doors must be Certifire approved and CE-marked to EN 1154 Grade 1, power size 3 or above, suitable for doors up to 60kg, with no hold-open arm. The model affects the fire rating, so please check it when collecting.
- The bathroom doors are light doors, not fire doors, and already have handles fitted.
- Closers and locks to be on site before work starts. Closers to be collected by the customer on 22 October 2026.
- Should anything unexpected come up, I'll talk it through with you first, and any extra work is agreed in advance.
- Client to ensure access to the property at agreed times.
- Changes to scope after acceptance are quoted separately before proceeding.
- All work carried out in accordance with current regulations.

CUSTOMER ACCEPTANCE

I confirm that I agree to the terms of this quote and authorise GraySparks Ltd. to proceed with the outlined work.
